About Public Health England

Public Health England exists to protect and improve the nation's health and wellbeing, and reduce health inequalities. It does this through world-class science, knowledge and intelligence, advocacy, partnerships and the delivery of specialist public health services. PHE is an operationally autonomous executive agency of the Department of Health.

Overview of the Home Dashboard

The home dashboard is the first screen you will land on after logging into the ICU DCS. This is where important announcements and system alerts will be placed.

You can navigate through the various sections of the ICU Surveillance data capture system by clicking on the relevant tabs. For further information or help, the frequently asked questions can be found towards the bottom left of the page.

The screenshot displays the ICU Surveillance Home Dashboard. At the top left, the logo for Public Health England is visible. A dark red navigation bar contains the text 'ICU Surveillance' and three tabs: 'Home', 'About Us', and 'Contact Us'. Below this, a secondary navigation bar features five tabs: 'Home', 'Summary', 'ICU Summary', 'Benchmarking', and 'ICU Benchmarking'. On the left side, there is a 'Menu Toolbar' with the following items: My Dashboard, Search, Case Capture, Data Upload Wizard, Case Administration, User Administration, System Reports, and Reports. Below the menu toolbar is a 'Help & Support' section. This section contains a welcome message: 'Welcome to the ICU DCS. This is the system homepage where PHE will post announcements regarding system updates, downtime, surveillance programme changes etc.' At the bottom of the 'Help & Support' section, there is a button labeled 'See FAQs and Content for more info', which is highlighted with a blue rectangular border. A blue arrow points to this button from the left. The main content area of the dashboard shows 'Welcome-ICU', a link for 'System Announcements-ICU', and the text 'ICU Surveillance System (DCS) System go live...'.
